

BOB'S ROTARY BRAINTEASER

Bob Moore has supplied the following listing of names and numbers which he says is related to our Rotary Club. He challenges anyone in the club to define their significance. Since I was under the impression that the only mathematical records that he keeps are related to attendance, I haven't a clue what they mean. If you think you know the answer, please let Bob know.

HAPPENINGS

The annual Christmas party for our members and their spouses, which was hosted by the Wards in the Moore residence was a very pleasant holiday treat. The club wishes to thank both couples for all of their efforts on our behalf.

Because of the shortened Rotary month in January and the expected absence of the Editor in January, the Binnacle for the months of January and February will be combined in this issue. The next scheduled edition of this publication will be in March.
